

Concerns and Complaints

North London Hospice wants to give the best possible care and support to patients, their families, friends and carers. However we understand that there might be times when you are not happy with our service. Please tell us if you have any problems or worries about your care. The sooner you let us know, the sooner we can try and put things right

Raising a concern or complaint will not adversely affect your care or the approach of staff to you in the future.

If you have a concern

If you are unhappy with anything, please speak to someone in charge as soon as possible. If you talk to us we can try to resolve the problem immediately.

If you prefer, you can speak to Deborah Mosdall, Patient and Family Feedback Lead

Telephone 020 8343 8841, email nlh@northlondonhospice.co.uk

We take all feedback seriously and promise that we will do everything we can to improve our service.

What happens next?

A senior member of staff will investigate your complaint and may contact you for additional information.

After our investigation, we will send you a full response, usually within 20 working days. If our investigation takes longer than this we will contact you with a revised date.

If you are not happy with our response, please tell us immediately so we can try again to put things right.

If the cause of your complaint happened more than 12 months ago we may not be able to give you a full response but we are still happy to talk to you about it.
